The '49er's sought gold in the sunbaked hills of California. The "nineteen fortyniners" will seek fame and fortune on the highways and byways of a troubled world. Keep on going, and never say die. Some will find fortune and a few will find fame. But keep on going and never say die.

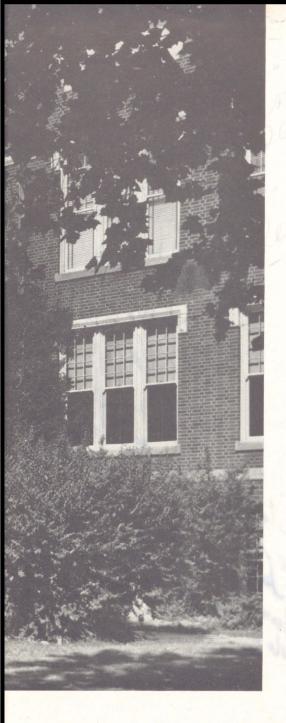

DEDICATION

"We must have many Lincoln-hearted men,
a city is not built in a day.

And they must do their work, and come and go
While countless generations pass away."

he teachers at B. T. H. S. have proved to be not only efficient instructors but true and helpful friends as well, for without their splendid cooperation the many activities which we look back upon with fond memories would not have been possible. As we turn the pages we will recall some of the happiest hours we have known, some filled with study and some with extracurricular activities, but all in which one or more of the faculty played a prominent part.

VISITOR FROM ENGLAND

The students and faculty of B.T.H.S. as well as the people of Belleville were forunate in having in their midst the past year Miss Kathleen Selby, exchange teacher from the Northern Girls' Grammar School, Portsmouth, England, who traded positions with Miss Madge Ream of the English department. Miss Selby's enthusiasm for living, her pleasing personality, and her active participation in school and community activities won for her instant admiration and respect from the entire community. We hope that she will return to England with as great an appreciation of us as we have of her.

"I am very much enjoying my teaching in the Belleville Township High School. The students are enthusiastic and interested in what I have to say about England, and we get quite a lot of amusement over the differences in vocabulary and pronunciation. I think the biggest difference in the schools lies in the matter of holidays, which in England are distributed more evenly, with three weeks at Christmas, three at Easter, and six in the summer. However, I am looking forward to the long summer vacation here, when I shall have a chance to see something of the wonders of America, and I know that the time to go back home will come all too soon."

s WE TURN the following pages we will see many familiar faces, for here are pictured our classmates-seniors, juniors, sophomores, and freshmen, who all together make up our school.

The seniors are at the end of their high school days, but they will recall the activities and the friendships formed in their classes. Those who remain are storing up pleasant memories to be carried

SENIOR FAREWELL

Once again a group of seniors is saying farewell to high school days. Each graduate is setting out upon his own path to seek success, happiness, and adventure.

We leave happy carefree days behind us and we will not forget those wonderful hours spent in the classrooms and on the campus. During our four short years, we have accomplished much. (Our prom and Junior Jam were great successes.) These accomplishments were made possible through the instruction and guidance of our teachers. To them we owe our heartfelt thanks and appreciation.

As each graduate bids farewell to B. T. H. S. he hopes that the classes and individuals will continue to maintain the high standards which have been traditional to our school. It is with deep reverence in our hearts that we close the door on four of the best years of our lives.

STORY OF THE OPERA

Due to the mysterious disappearance of the cattle, it looks as if Ramon will not be able to pay the mortgage on Rancho Ortego. The Indians believe it is because of an old curse which they put on the ranch and nearby Mission. Medicine Man Pose says the curse will be lifted only when the Mission Bells ring again. A visitor at the ranch, Marian Alden, finds a secret map of a valuable mine. The Indians plan to steal the last herd of cattle, but Lone Eagle, a young chief, promises Noneeta, whom he loves, that he will bring back the cattle. This will mean death to him unless the Mission Bells ring. Noneeta attempts to ring the bells, but she finds the Mission surrounded by Indians. However, the bells do ring mysteriously and Lone Eagle brings back the herd. Believing that all that has happened is the will of the gods, the Indians are reconciled. Future happiness for all is guaranteed by the prospect of developing the mine.

The spirited, hard-fighting playing of the B. T. H. S. football team made them a strong contender for the Southwestern Conference crown. After getting off to a slow start they played a bang-up game and stayed on the victory road until the smashing, 25-0 defeat rendered by East St. Louis. Coach Tabor did a laudable job of training the boys and with some promising juniors he should have next year, one of his best teams ever.

FRESHMAN - SOPHOMORE FOOTBALL

The junior varsity of the past season showed prospects for future greatness. The tutoring of Coaches Naffziger and Rauth has provided the boys with a sound knowledge of football and with further experience these boys should help

Belleville to take the Southwest Conference Championship. The team was fighting all the way and deserves credit for keeping up the prestige of the school in sports.

The wrestling squad, as usual, provided many sparkling performances. The best showing was made in the Sectional in which five B. T. H. S. grapplers won a chance to go to the State Meet.

Sparked by Wayne Nast, the state champion in the 440 yard dash, the B. T. H. S. track squad provided many thrilling performances. Coach Harpstreit had a well-balanced team although he lost several distance runners through graduation. We hope that he will continue to skillfully train the boys and succeed in winning the Southwestern Conference championship this season.

SLICK ICE ON THE CAMPUS

There was ice on the streets, ice on the trees, ice on the paths, ice on the steps. That ice on the boys gym steps was real slick, as we skidded up those steps to general assembly. The electric power had been off all night. No light, no heat, no ???? It was a big question this morning whether or not there would be school.

Dr. Hall arose and addressed the student body, "If you ever want to know if there will be school, just turn on your radio and it will tell you." (Simple isn't it!)

Everybody had a scroll of paper and everybody was rushing here and there very hurriedly—. By the way, how many petitions did you sign?

Seventh hour!
